City Manager Ronald D. Autry

October 28, 2016

To the Honorable Mayor, Members of the City Council and Citizens of the City of Dunn:

The Comprehensive Annual Financial Report (CAFR) of the City of Dunn for the fiscal year ending June 30, 2016 has been submitted by the City's Finance Department, and it is the comprehensive publication of the City's financial position at June 30, 2016, and the results of operations for the fiscal year then ended for all funds of the City. The financial statements must be presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. This report is published to fulfill that requirement for the fiscal year ending June 30, 2016, and to provide complete and further accountability to citizens and other interested parties by providing a comprehensive report in lieu of the minimum basic financial statement requirements.

Responsibility for both the accuracy of the presented data, and the completeness and the fairness of the presentation, including all disclosures, rests with the City. We believe the enclosed data and presentation is accurate in all material respects and is reported in a manner that fairly represents the financial position and the results of operations of the City's funds over the last fiscal year.

GAAP requires management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City of Dunn's MD&A can be found immediately following the report of the independent auditors.

Description of the City

The City of Dunn, incorporated in 1887, is located in the south central part of the state, which is considered to be a growth area in the state. Dunn offers a small-town atmosphere, coupled with a growing business community which makes the City the largest municipality in Hamett County. The City of Dunn currently occupies a land area of 6 square miles and serves a population of 9,577.

The City of Dunn has operated under the council-manager form of government. Policymaking and legislative authority are vested in a governing council consisting of the mayor and six council members. The governing council is responsible for, among other things, passing ordinances, adopting the budget, appointing committees, and hiring both the government's manager and attorney. The government's manager is responsible for carrying out the policies and ordinances of the governing council, for overseeing the dayto-day operations of the government and for appointing the heads of the various departments. The council is elected from wards on a non-partisan basis. Council members serve four-year concurrent terms. The mayor is elected at large on a nonpartisan basis for a four-year term.

The City of Dunn provides a range of services, including police protection, solid waste and recycling services, the construction and maintenance of streets, curbs, gutters, sidewalks, storm water, water and sewer services, and recreational activities. The City of Dunn is financially accountable for a legally separate ABC Board, which is reported separately as a discrete component unit within the City of Dunn's financial statements. Additional information on this legally separate entity can be found in Note I.A in the notes to the financial statements.

Economic Condition and Outlook

The City of Dunn's favorable economic environment and local indicators point to continued stability. Major industries with headquarters or divisions located within the government's boundaries or in close proximity include warehouse distribution facility, petroleum product distribution, truck body manufacturers, regional health care facility and several financial institutions.

Tourism continues to have a major impact on the local economy. Dunn is located on the I-95 corridor. In the immediate area there are 12 hotels which offer over 700 rooms. In fiscal year 2016, hotel receipts were over \$17,000,000 in the Dunn area.

Rooms-to-Go opened a distribution facility inside the City's corporate limits in October 2015. This facility created 220 new jobs and will add in excess of \$50,000,000 to the City's tax base.

close of the City of Dunn's fiscal year. The appropriated budget is prepared by fund, function (e.g., public safety), and department, (e.g., police).

Internal Control: To provide a reasonable basis for making these representations, management of the City of Dunn has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City of Dunn's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City of Dunn's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

Other Information:

Independent Audit: The General Statutes of North Carolina require an annual independent financial audit of all local government units in the State. The City of Dunn's financial statements have been audited by PETWAY MILLS & PEARSON, P.A. which is a firm of licensed certified public accountants. PM&P has examined the financial records of the City and their opinion has been included in this report. Their examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures, as they considered necessary in the circumstances. The auditor's report on the basic financial statements, combining and individual fund statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the compliance sections.

As a recipient of federal and state assistance, the City is responsible for ensuring that adequate internal controls are in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is subject to periodic evaluation by management. As a part of the City's single audit, tests are made to determine the adequacy of the internal control structure, including a portion related to federal and state financial assistance programs, as well as to determine the City has complied with applicable laws and regulations. The results of the City's single audit for fiscal year June 30, 2016 provided no instances of material weaknesses in the internal control structure or significant violations of applicable laws and regulations.

Awards: The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Dunn for its comprehensive annual financial report for the fiscal year ending June 30, 2015. This was the 7th consecutive year in which the City has received this recognition. To be awarded the Certificate of Achievement, the government must publish an easily readable and efficiently organized comprehensive annual financial report.

ł

This report must satisfy both generally accepted accounting principles and applicable legal requirements.

The Certificate of Achievement is valid for a period of only one year,

Acknowledgements: The preparation of this report would not have been possible without the efficient and dedicated services of the entire staff of the finance department. The preparation of this report was also made possible by the assistance of PETWAY MILLS & PEARSON, P.A. We would like to express our appreciation to all City departments who assisted and contributed in the preparation of this report. Credit also must be given to the mayor and the governing council for their unfailing support for maintaining the highest standards of professionalism in the management of the City of Dunn's finances.

Respectfully submitted,

Ronald D. Autry City Manager

North Carolina Association of Certified Public Accountants

American Institute of Certified Public Accountants

Medical Group Management Association To the Honorable Mayor and Members of the City Council City of Dunn Dunn, North Carolina

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Dunn, North Carolina, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the City of Dunn's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the City of Dunn ABC Board which represents 1.57%, 2.50% and 14.60%, respectively, of the assets, net position, and revenues of the City of Dunn. Those statements were audited by another auditor whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the City of Dunn ABC Board, is based solely on the report of another auditor. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether financial statements are free from material misstatement. The financial statements of the City of Dunn ABC Board were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Dunn, North Carolina as of June 30, 2016, and the respective

changes in financial position and cash flows, where appropriate, thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 12 through 21, the Law Enforcement Officers' Special Separation Allowance's and the Other Postemployment Benefits' Schedules of Funding Progress and Schedules of Employer Contributions on pages 59 through 62, and the Local Government Employees' Retirement System's Schedules of the Proportionate Share of the Net Pension Asset and Contributions on pages 63 and 64, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and the other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Dunn, North Carolina's basic financial statements. The introductory information, combining and individual fund statements, budgetary schedules, other schedules, statistical section and Schedule of Expenditures of Federal and State Awards, as required by the Title 2 *U.S. Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and the State Single Audit Implementation Act are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund statements, budgetary schedules, other schedules, and the Schedule of Expenditures of Federal and State Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, based on our audit and the procedures performed as described above, the combining and individual fund statements, budgetary schedules, other schedules, and the Schedule of Expenditures of Federal and State Awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory information and the statistical sections have not been subjected to the auditing procedures applied in the audit of basic financial statements, and accordingly, we do not express an opinion or provide assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 26, 2016 on our consideration of the City of Dunn's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of the report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Dunn's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

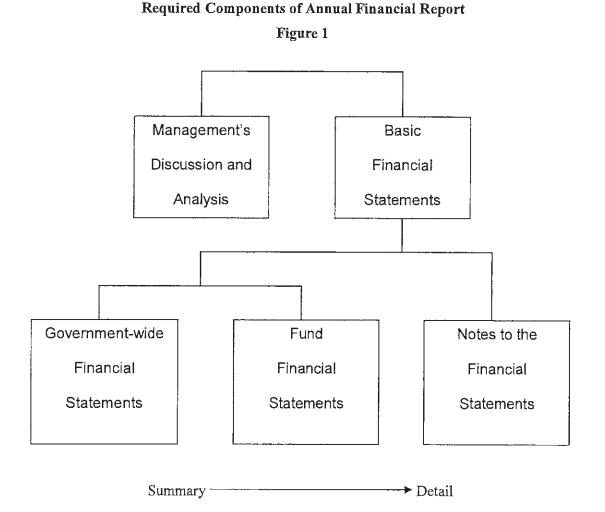

As management of the City of Dunn, we offer readers of the City of Dunn's financial statements this narrative overview and analysis of the financial activities of the City of Dunn for the fiscal year ended June 30, 2016. We encourage readers to read the information presented here in conjunction with additional information that we have furnished in the city's financial statements, which follow this narrative.

Financial Highlights

- The assets and deferred outflows of resources of the City of Dunn exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$29,802,586 (net position).
- The government's total net position increased by \$1,658,158 primarily due to a decrease in General Fund expenditures and an increase in property and sales tax.
- As of the close of the current fiscal year, the City of Dunn's governmental funds reported combined ending fund balances of \$3,858,040 an increase of \$218,315 in comparison with the prior year. Approximately 41.46% of this total amount, or \$1,599,672 is non spendable or restricted.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$2,071,596 or 23.87 percent of total general fund expenditures for the fiscal year.
- The City of Dunn's total debt decreased by \$1,084,386 (7.18%) during the current fiscal year.
- The City of Dunn currently has an A+ bond rating with Standard and Poors, and a rating of A3 with Moody's Investment Service.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the City of Dunn's basic financial statements. The City's basic financial statements consist of three components; 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements (see Figure 1). The basic financial statements present two different views of the City through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of the City of Dunn.

Basic Financial Statements

The first two statements (Exhibits 1 and 2) in the basic financial statements are the **Government-wide Financial Statements**. They provide both short and long-term information about the City's financial status.

The next statements (Exhibits 3 through 10) are Fund Financial Statements. These statements focus on the activities of the individual parts of the City's government. These statements provide more detail than the government-wide statements. There are three parts to the Fund Financial Statements: 1) the governmental funds statements; 2) the budgetary comparison statements; and 3) the proprietary fund statements.

The next section of the basic financial statements is the notes. The notes to the financial statements explain in detail some of the data contained in those statements. After the

notes, supplemental information is provided to show details about the City's individual funds. Budgetary information required by the General Statutes also can be found in this part of the statements.

Government-wide Financial Statements

The government-wide financial statements are designed to provide the reader with a broad overview of the City's finances, similar in format to a financial statement of a private-sector business. The government-wide statements provide short and long-term information about the City's financial status as a whole.

The two government-wide statements report the City's net position and how they have changed. Net position are the difference between the City's total assets and deferred outflows of resources and total liabilities and deferred inflows of resources. Measuring net position is one way to gauge the City's financial condition.

The government-wide statements are divided into three categories: 1) governmental activities; 2) business-type activities; and 3) component units. The governmental activities include most of the City's basic services such as public safety, parks and recreation, and general administration. Property taxes and state and federal grant funds finance most of these activities. The business-type activities are those that the City charges customers to provide. These include the water and sewer services offered by the City of Dunn. The final category is the component unit. Although legally separate from the City of Dunn, the ABC Board is important to the City because the City exercises control over the Board by appointing its members and because the Board is required to distribute its profits to the City.

The government-wide financial statements are on Exhibits 1 and 2 of this report.

Fund Financial Statements

The fund financial statements (see Figure 2) provide a more detailed look at the City's most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Dunn, like all other governmental entities in North Carolina, uses fund accounting to ensure and reflect compliance (or non-compliance) with finance-related legal requirements, such as the General Statutes or the City's budget ordinance. All of the funds of the City of Dunn can be divided into two categories: governmental funds and proprietary funds.

Governmental Funds – Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. Most of the City's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in and out, and what monies are left at year-end that will be available for spending in the next year. Governmental funds are reported using an accounting method called *modified accrual accounting* that provides a

short-term spending focus. As a result, the governmental fund financial statements give the reader a detailed short-term view that helps him or her determine if there are more or less financial resources available to finance the City's programs. The relationship between government activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

The City of Dunn adopts an annual budget for its General Fund, as required by the General Statutes. The budget is a legally adopted document that incorporates input from the citizens of the City, the management of the City, and the decisions of the Board about which services to provide and how to pay for them. It also authorizes the City to obtain funds from identified sources to finance these current period activities. The budgetary statement provided for the General Fund demonstrates how well the City complied with the budget ordinance and whether or not the City succeeded in providing the services as planned when the budget was adopted. The budgetary comparison statement uses the budgetary basis of accounting and is presented using the same format, language, and classifications as the legal budget document. The statement shows four columns: 1) the original budget as adopted by the board; 2) the final budget as amended by the board; 3) the actual resources, charges to appropriations, and ending balances in the General Fund; and 4) the difference or variance between the final budget and the actual resources and charges. To account for the difference between the budgetary basis of accounting and the modified accrual basis, a reconciliation showing the differences in the reported activities is shown at the end of the budgetary statement.

Proprietary Funds – The City of Dunn has only one kind of proprietary fund. *Enterprise Funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. The City of Dunn uses enterprise funds to account for its water and sewer activity. This fund utilizes the same functions shown in the business-type activities in the Statement of Net Position and the Statement of Activities.

Notes to the Financial Statements – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements begin on page 32 of this report.

Other Information – In addition to the basic financial statements and accompanying notes, this report includes certain required supplementary information concerning the City of Dunn's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found beginning on page 59-64 of this report.

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as one useful indicator of a government's financial condition. The assets of the City of Dunn exceeded liabilities by \$29,802,586 at the close of the most recent fiscal year.

By far the largest portion (88.22%) reflects the City of Dunn's investment in capital assets (e.g. land, buildings, machinery, and equipment), less any related debt still outstanding that was issued to acquire those items. The City of Dunn uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of the outstanding related debt, the resources needed to repay that debt must be provided by other sources, since the capital assets cannot be used to liquidate these liabilities.

An additional portion of the City of Dunn's net position (5.56%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of (6.22%) is unrestricted.

The City of Dunn's Net Position

Governmental activities: Governmental activities increased the City's net position by \$1,353,330. Key elements of this increase are as follows:

- Increase in property and other taxes
- Decrease in expenditures

Business-type activities: Business-type activities increased the City of Dunn's net position by \$304,828. Key elements of this decrease are as follows:

• Increase in charges for services

• Grants received for capital improvements

Financial Analysis of the City of Dunn's Funds

As noted earlier, the City of Dunn uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds - The focus of the City of Dunn's governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing the City of Dunn's financing requirements. Specifically, unassigned fund balance can be a useful measure of a government's net resources available for spending at the end of the fiscal year.

The General Fund is the chief operating fund of the City of Dunn. At the end of the current fiscal year, City of Dunn's fund balance available in the General Fund was \$2,071,596 while total fund balance reached \$3,671,268. The City currently has an available fund balance of 23.87% of General Fund expenditures, while total fund balance represents 42.31%.

At June 30, 2016, the governmental funds of the City of Dunn reported a combined fund balance of \$3,858,040.

General Fund Budgetary Highlights - During the fiscal year, the City of Dunn revised the budget on several occasions. Generally, budget amendments fall into one of three categories: 1) amendments made to adjust the estimates that are used to prepare the original budget ordinance once exact information is available; 2) amendments made to recognize new funding amounts from external sources, such as Federal and State grants; and 3) increases in appropriations that become necessary to maintain services. The City made only minor changes to its General Fund revenue estimates in order to recognize increase in grant receipts.

Proprietary Funds - The City of Dunn's proprietary funds provide the same type of information found in the government-wide statements but in more detail. Unrestricted net position of the Water and Sewer Fund at the end of the fiscal year amounted to \$2,394,969. The Water and Sewer fund experienced a increase in net position of \$250,397. Factors concerning the finances of this fund have already been addressed in the discussion of the City's business-type activities. Unrestricted net position of the Stormwater Fund amounted to \$54,431.

Capital Asset and Debt Administration

Capital assets - The City's investment in capital assets for its governmental and business-type activities as of June 30, 2016, totals \$26,298,832 (net of accumulated depreciation). These assets include buildings, roads and bridges, land, machinery and equipment, park facilities and vehicles.

Major capital asset transactions during the year include the following additions (there were no significant demolitions or disposals):

- Purchase of a new police cars
- Renovations at Tyler Park
- Street and Sidewalk improvements
- Renovations to City Property (Harnett Training School)
- New Sewer line along I-95
- No significant retirements, dispositions, or demolitions were recorded this year

North Carolina general statutes limit the amount of general obligation debt that a unit of government can issue to 8 percent of the total assessed value of taxable property located within that government's boundaries. The legal debt margin for the City of Dunn is \$50,848,873. The City has no bonds authorized but un-issued at June 30, 2016.

Additional information regarding the City of Dunn's long-term debt can be found on pages 52-55 of this report.

Economic Factors and Next Year's Budgets and Rates

The following key economic indicators reflect the growth and prosperity of the City of Dunn.

- Inflationary trends in the region compare favorably to national indices.
- The long-term economic forecast for the City of Dunn continues to look stable; commercial and industrial entities continue to adjust to national trends.
- 200 new jobs were created with the opening of the Rooms-to-Go distribution facility
- 88 room Fairfield Suite and Inn opened in March of 2016
- Unemployment rate in Harnett County/Dunn at June 30, 2016 was 5.7%

Budget Highlights for the Fiscal Year Ending June 30, 2017

Governmental Activities: The tax rate remained at 50 cent per \$100. Property tax revenues were projected to increase by 2.78%. Sales Tax Distribution were projected to increase by 6.35% due to the new distribution method passed by the NC General Assembly. Fund Balance was not appropriated to balance the budget. Health insurance premiums increased by 12.4%. Police cars and public works equipment were budgeted as capital outlay and funded through loans with USDA-Rural Development.

Business Activities: No increases were made to Water/Sewer rates. Health insurance increased by 12.4%. Several small capital outlay items were budgeted. A new position was added to the water/sewer distribution department.

Requests for Information

This report is designed to provide an overview of the City's finances for those with an interest in this area. Questions concerning any of the information found in this report or requests for additional information should be directed to Mark H. Stephens, CPA, Finance Director, City of Dunn, and 401 East Broad Street, Dunn, NC, 28334.

City of Dunn Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances Governmental Funds to the Statement of Activities For the Year Ended June 30, 2016

Amounts reported for governmental activities in the statement of activities are different because:

| Net changes in fund balances - total governmental funds Change in fund balance due to change in reserve for inventory | | \$ | 214,732 3,583 |
|---|------------------------|----|-----------------------|
| Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period | | | |
| Capital outlay expenditures which were capitalized Depreciation expense for governmental assets | 1,388,560 (387,453) | - | |
| | | | 1,001,107 |
| Contributions to the pension plan in the current fiscal year are not included on the Statement of Activities | | | 239,475 |
| Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds | | | |
| Donated assets | | | 131,040 |
| Change in unavailable revenue for tax revenues | | | (21,934) |
| Change in accrued interest receivable | | | (3,547) |
| The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items. New long-term debt issued | (296,243) | | |
| Principal payment on long-term debt | 615,919 | | |
| Increase in accrued interest payable | (35,248) | - | 284,428 |
| Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. | | | |
| Compensated absences | | | 57,844 |
| Pension Expense | | | (146,135) |
| Net pension obligation Other postemployment benefits | | | (48,982) (358,281) |
| Total changes in net position of governmental activities | | \$ | 1,353,330 |

None.

The City of Dunn, North Carolina (the City) is located in the eastern part of the state and has a 2014 population of approximately 9,577. The City is governed by an elected mayor and a six-member council. The City's major operations include police protection, sanitary services, parks and recreation, water and sewer systems, and general administration services.

I. Summary of Significant Accounting Policies

The accounting policies of the City of Dunn and its discretely presented component unit conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant accounting policies:

A. Reporting Entity

The City of Dunn is a municipal corporation which is governed by an elected mayor and a six-member council. As required by generally accepted accounting principles, these financial statements present the financial activity of the City and its component unit, a legally separate entity for which the City is accountable. The discretely presented component unit presented below is reported in a separate column in the City's financial statements in order to emphasize that it is legally separate from the City.

City of Dunn ABC Board

The members of the ABC Board's governing board are appointed by the City. In addition, the ABC Board is required by State statute to distribute its surpluses to the General Fund of the City. The ABC Board, which has a June 30 year-end, is presented as if it were a proprietary fund (discrete presentation). Complete financial statements for the ABC Board may be obtained from the entity's administrative offices at City of Dunn ABC Board, P.O. Box 70, Dunn, North Carolina 28335-0070.

B. Basis of Presentation

Government-wide Statements: The statement of net position and the statement of activities display information about the primary government and its component unit. These statements include the financial activities of the overall government. Eliminations have been made to minimize the double counting of internal activities. Interfund services provided and used are not eliminated in the process of consolidation. These statements distinguish between the *governmental* and *business-type activities* of the City. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the City and for each function of the City's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the City's funds. Separate statements for each fund category – *governmental and proprietary* – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as non-major funds,

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies and investment earnings, result from non-exchange transactions or ancillary activities.

The City reports the following major governmental funds:

General Fund. The General Fund is the general operating fund of the City. The General Fund accounts for all financial resources except those that are required to be accounted for in another fund. The primary revenue sources are ad valorem taxes, State grants, and various other taxes and licenses. The primary expenditures are for public safety, street maintenance and construction, and sanitation services.

The City reports the following non-major governmental funds:

Downtown Revitalization Capital Project Fund. This fund is used to account for improvements to the infrastructure in the downtown area.

Tyler Park Renovations Capital Project Fund. This fund is used to account for improvements to Tyler Park.

Dunn City Hall and Harnett Training School Capital Project Fund. This fund is used to account for improvements to City Hall and Harnett Training School.

The City reports the following major enterprise fund:

Water and Sewer Fund. This fund is used to account for the City's water and sewer operations.

The City reports the following non major enterprise fund:

Stormwater Fund. This fund is used to account for the City's stormwater management.

C. Measurement Focus and Basis of Accounting

In accordance with North Carolina General Statutes, all funds of the City are maintained during the year using the modified accrual basis of accounting.

Government-wide and Proprietary Fund Financial Statements. The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus. The government-wide and proprietary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements. Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

The City considers all revenues available if they are collected within 90 days after year-end, except for property taxes. Ad valorem taxes receivable are not accrued as revenue because the amount is not susceptible to accrual. At June 30, taxes receivable for property other than motor vehicles are materially past due and are not considered to be an available resource to finance the operations of the current year. Also, as of September 1, 2013, State law altered the procedures for the assessment and collection of property taxes on registered motor vehicles in North Carolina. Effective with this change in the law, the State of North Carolina is responsible for billing and collecting the property taxes on registered motor vehicles on behalf of all municipalities and special tax districts. Property taxes are due when vehicles are registered. The billed taxes are applicable to the fiscal year in which they are received. Uncollected taxes that were billed in periods prior to September 1, 2013 and for limited registration plates are shown as a receivable in these financial statements and are offset by deferred inflows of resources.

Sales taxes and certain intergovernmental revenues, such as the utilities franchise tax, collected and held by the State at year-end on behalf of the City are recognized as revenue. Sales taxes are considered a shared revenue for the City of Dunn because the tax is levied by Harnett County and then remitted to and distributed by the State. Most intergovernmental revenues and sales and services are not susceptible to accrual because generally they are not measurable until received in cash. All taxes, including those dedicated for specific purposes are reported as general revenues rather than program revenues. Under the terms of grant agreements, the City funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there is both restricted and unrestricted net position available to finance the program. It is the City's policy to first apply cost-reimbursement grant revenues.

D. Budgetary Data

The City's budgets are adopted as required by the North Carolina General Statutes. An annual budget is adopted for the General Fund, and the Enterprise Funds. Project Ordinances are adopted for the Downtown Revitalization Capital Project, Tyler Park Renovations, Dunn City Hall and Harnett Training School Renovations, I-95 Corridor Sewer System Improvements and Rooms to Go Water and Sewer Improvements. All annual appropriations lapse at the fiscal-year end. All budgets are prepared using the modified accrual basis of accounting. Expenditures may not legally exceed appropriations at the functional level for all annually budgeted funds and at the object level for the multi-year funds. Amendments are required for any revisions that alter total expenditures of any fund or that change functional appropriations by more than \$5,000. All amendments must be approved by the governing board. During the year, several amendments to the original budget were necessary. The budget ordinance must be adopted by July 1 of the fiscal year or the governing board must adopt an interim budget that covers that time until the annual ordinance can be adopted.

A budget calendar is included in the North Carolina General Statutes that prescribes the last day on which certain steps of that budget procedure are to be performed. The following schedule lists the tasks to be performed and the date by which each is required to be completed.

April 30 – Each department head will transmit to the budget officer the budget requests and the revenue estimates for their department for the budget year.

June 1 – The budget and the budget message shall be submitted to the governing board. The public hearing on the budget shall be scheduled at this time.

July 1 – The budget ordinance shall be adopted by the governing board.

E. Assets, Liabilities, Deferred Inflows of Resources and Fund Equity

1. Deposits and Investments

All deposits of the City and the ABC Board are made in board-designated official depositories and are secured as required by State law [G.S. 159-31]. The City and the ABC Board may designate, as an official depository, any bank or savings association whose principal office is located in North Carolina. Also, the City and the ABC Board may establish time deposit accounts such as NOW and SuperNOW accounts, money market accounts, and certificates of deposit.

State law [G.S. 159-30(c)] authorizes the City and the ABC Board to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain non-guaranteed federal agencies; certain high quality issues of commercial paper and bankers' acceptances and the North Carolina Capital Management Trust (NCCMT). The City's and the ABC Board's investments are reported at fair value. Non-participating interest earning contracts are accounted for at cost. The NCCMT- Cash Portfolio, a SEC-registered (2a-7) external investment pool, is measured at amortized cost, which is the NCCMT's share price. The NCCMT- Term Portfolio's securities are valued at fair value.

2. Cash and Cash Equivalents

The City pools money from several funds to facilitate disbursement and investment and to maximize investment income. Therefore, all cash and investments are essentially demand deposits and are considered cash and cash equivalents. The ABC Board considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash and cash equivalents.

3. Restricted Assets

Customer deposits held by the City before any services are supplied are restricted to the service for which the deposit was collected. Drug tax funds are classified as restricted cash because they can only be used for public safety. Powell Bill funds are also classified as restricted cash because they can be expended only for the purposes of maintaining, repairing, constructing, reconstructing or widening of local streets per G.S. 136-41.1 through 136-41.4.

City of Dunn Restricted Cash

| Governmental Activities | | |
|--|-----------|---|
| General Fund | | |
| Streets - Powell Bill | \$220,043 | |
| Public Safety - Drug Forfeiture | 171,268 | |
| USDA reserve | 67,008 | |
| Culture and recreation - Harnett Training School | 216,030 | |
| Total Governmental Activities | 674,349 | - |
| Business-type Activities | | |
| Water and Sewer Fund | | |
| Customer Deposits | 133,386 | |
| Total Business-type Activities | 133,386 | |
| Total Restricted Cash | \$807,735 | - |

4. Ad Valorem Taxes Receivable

In accordance with State law [G.S. 105-347 and G.S. 159-13(a)], the City levies ad valorem taxes on property other than motor vehicles on July 1, the beginning of the fiscal year. The taxes are due on September 1 (lien date); however, interest does not accrue until the following January 6. These taxes are based on the assessed values as of January 1. As allowed by State law, the City has established a schedule of discounts that apply to taxes that are paid prior to the due date. In the City's General Fund, ad valorem tax revenues are reported net of such discounts.

5. Allowances for Doubtful Accounts

All receivables that historically experience uncollectible accounts are shown net of an allowance for doubtful accounts. This amount is estimated by analyzing the percentage of receivables that were written off in prior years.

6. Inventory and Prepaid Items

The inventories of the City and the ABC Board are valued at cost (first-in, first-out), which approximates market. The City's General Fund inventory consists of expendable supplies that are recorded as expenditures as used rather than when purchased.

The inventories of the City's enterprise funds and those of the City of Dunn ABC Board consist of materials and supplies held for subsequent use. The cost of these inventories is expensed when held for resale rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements and expensed as the items are used.

7. Capital Assets

Capital assets are defined by the government as assets with an initial, individual cost of more than a certain cost and an estimated useful life in excess of two years. Minimum capitalization costs are \$5,000 for all types of assets. Donated capital assets received prior to June 15, 2015 are recorded at their estimated fair value at the date of donation. Donated capital assets received after June 15, 2015 are recorded at acquisition value. All other purchased or constructed capital assets are reported at cost or estimated historical cost. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

| Asset Class | Estimated Useful Lives |
|-----------------------------------|------------------------------|
| | |
| Buildings | 30 |
| Improvements | 20 |
| Vehicles | 5 |
| Furniture and equipment | 7 |
| Computer equipment | 3 |
| Data handling equipment except | |
| computers | 5 |
| Heavy duty general purpose trucks | 5 |
| Tractor units-over road use | 7 |
| Trailers | 7 |

Property, plant and equipment of the ABC Board are depreciated over their useful lives on a straight-line basis as follows:

| | Estimated |
|-------------------------|-----------|
| | Useful |
| Asset Class | Lives |
| Buildings | 10 - 40 |
| Furniture and equipment | 3 - 10 |
| Leasehold Improvements | 15 - 40 |

8. Deferred outflows/inflows of resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *Deferred Outflows of Resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The City has two items that meet this criterion, contributions made to the pension plan in the 2016 fiscal year and pension deferrals. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *Deferred Inflows of Resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The City has four items that meet the criterion for this category- prepaid taxes, property taxes receivable and deferrals of pension expense that result from the implementation of GASB Statement 68.

9. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, longterrn debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method that approximates the effective interest method. Bonds payable are reported net of the applicable bond premiums or discount. Bond issuance costs, except for prepaid insurance cost, are expensed in the reporting period in which they are incurred. Prepaid insurance costs are expensed over the life of the debt.

In fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

10. Compensated Absences

The vacation policies of the City provide for the accumulation of up to thirty (30) days earned vacation leave with such leave being fully vested when earned. For the City's government-wide and proprietary funds, an expense and liability for compensated absences and the salary-related payments are recorded as the leave is earned. The City has assumed a first-in, first-out method of using compensated time. The portion of that time that is estimated to be used in the next fiscal year has been designated as a current liability in the government-wide financial statements.

The City's sick leave policies provide for an unlimited accumulation of earned sick leave. Sick leave does not vest, but any unused sick leave accumulated at the time of retirement may be used in the determination of length of service for retirement benefit purposes. Since the City has no obligation for the accumulated sick leave until it is actually taken, no accrual for sick leave has been made.

11. Net Position/Fund Balances

Net Position

Net position in government-wide and proprietary fund financial statements is classified as net investment in capital assets; restricted; and unrestricted. Restricted net position represents constraints on resources that are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through State statute.

Fund Balances

In the governmental fund financial statements, fund balance is composed of five classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent.

The governmental fund types classify fund balances as follows:

Nonspendable Fund Balance – This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Inventories - portion of fund balance that is not an available resource because it represents the yearend balance of ending inventories, which are not spendable resources.

Restricted Fund Balance – This classification includes amounts that are restricted to specific purposes externally imposed by creditors or imposed by law.

Restricted for Stabilization by State statute - portion of fund balance that is restricted by State Statute [G.S. 159-8(a)].

Restricted for Transportation - Powell Bill portion of fund balance that is restricted by revenue source for street construction and maintenance expenditures. This amount represents the balance of the total unexpended Powell Bill funds.

Restricted for Public Safety – portion of fund balance that is restricted by revenue source for certain drug enforcement expenditures.

Restricted for USDA Loan Reserves – portion of fund balance reserved as required by loan agreements with USDA.

Committed Fund Balance – portion of fund balance that can only be used for specific purposes imposed by majority vote by quorum of the City of Dunn's governing body (highest level of decision-making authority). The governing body can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation.

Assigned fund balance - portion of fund balance that the City of Dunn intends to use for specific purposes.

Cultural and Recreation - portion of fund balance that has been budgeted by the board for renovations to the Harnett Training School

Unassigned fund balance – portion of fund balance that has not been restricted, committed, or assigned to specific purposes or other funds.

The City of Dunn has a revenue spending policy that provides guidance for programs with multiple revenue sources. The Finance Director will use resources in the following hierarchy: bond proceeds, federal funds, State funds, local non-city funds, city funds. For purposes of fund balance classification expenditures are to be spent from restricted fund balance first, followed in-order by committed fund balance, assigned fund balance. The Finance Director has the authority to deviate from this policy if it is in the best interest of the City.

12. Pensions

For purposes of measuring the net pension asset, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Local Governmental Employees' Retirement System (LGERS) and additions to/deductions from LGERS' fiduciary net position have been determined on the same basis as they are reported by LGERS. For this purpose, plan member contributions are recognized in the period in which the contributions are due. The City of Dunn's employer contributions are recognized when due and the City of Dunn has a legal requirement to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of LGERS. Investments are reported at fair value.

II. Stewardship, Compliance, and Accountability

- A. Significant Violations of Finance-Related Legal and Contractual Provisions
 - 1. Noncompliance with North Carolina General Statutes

None.

B. Deficit Fund Balance or Net Position of Individual Funds

None.

C. Excess of Expenditures over Appropriations

None,

III. Detail Notes on All Funds

A. Assets

1. <u>Deposits</u>

All the deposits of the City and the ABC Board are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits that exceed the federal depository insurance coverage level are collateralized with securities held by the City's or the ABC Board's agents in these units' names.

Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the City and the ABC Board, these deposits are considered to be held by the City's and the ABC Board's agents in their names. The amount of the pledged collateral is based on an approved averaging method for non-interest bearing deposits and the actual current balance for interest-bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the City, the ABC Board or the escrow agent. Because of the inability to measure the exact amounts of collateral pledged for the City and the ABC Board under the Pooling Method, the potential exists for under-collaterization, and this risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method. The City and the ABC Board have no policy regarding custodial credit risk.

At June 30, 2016, the City's deposits had a carrying amount of \$3,796,630 and a bank balance of \$4,004,535. Of the bank balance, \$500,000 was covered by federal depository insurance and the remainder of \$3,504,535 was covered by collateral held under the Pooling Method. The carrying amount of deposits for the ABC Board was \$241,959 and the bank balance was \$323,891. At June 30, 2016, the bank balances exceeded federal depository insurance coverage. The remaining bank balance of \$73,891 was covered by collateral held under the City's petty cash fund totaled \$1,070.

2. Investments

At June 30, 2016, the City's investment balances were as follows:

| Investments by Type | Valuation Measuremen t Method | Book Value at 6/30/2016 | Maturity | Rating |
|--|-------------------------------------|-------------------------------|----------|---------|
| NC Capital Management Trust- Cash Portfolio | Amortized Cost | \$266,676 | N/A | AAAm |
| NC Capital Management Trust- Term Portfolio | Fair Value Level 1 | \$737,439 | N/A | Unrated |
| First Citizens Bank Investment Note | Fair Value Level 1 | \$289,256 | N/A | N/A |
| Total: | *** | \$1,293,371 | | · · · · |

All investments are measured using the market approach; using prices and other relevant information generated by market transactions involving identical or comparable assets or a group of assets.

Level 1 of fair value hierarchy: Level 1: Debt securities valued using directly observable, quoted prices (unadjusted) in active markets for identical assets.

The City and the ABC Board have no policy regarding credit risk.

3. Receivables

a. Notes Receivable

General Fund

The City has financed the renovation of Harnett Training School. Harnett Training School, LLC will repay the city annually over a 20 year period. The original amount of the notes receivable was \$3,100,000, and repayment to the City is dependent on the profitability performance measures of Harnett Training School. No cash was received from activities related to this transaction during fiscal year 2016.

| Note Receivable-annual payments vary thru August 2034 | <u>\$3,100,000</u> |
|---|--------------------|
| Amount to be collected within more than one year | <u>\$3,024,668</u> |

Water and Sewer Fund

The City has financed the construction of a water line to the Eastover Sanitary District. Eastover Sanitary District will repay the city monthly over a 20 year period. The original amount of the note receivable was \$2,604,064.

| Note Receivable-monthly payments are \$16,000, including interest at 4.00%, thru August 2032 | <u>\$2,283,816</u> |
|--|--------------------|
| Amount to be collected within more than one year | <u>\$2,181,272</u> |

b. Allowances for Doubtful Accounts

The amounts presented in the Balance Sheet and the Statement of Net Position are net of the following allowances for doubtful accounts:

| <u>Fund</u> General Fund | <u>June 30, 2016</u> | |
|----------------------------------|---------------------------------------|--|
| Taxes Receivable | \$54,192 | |
| Sanitation Charges | 4.299 | |
| | | |
| c. <u>Accounts Receivable</u> | | |
| Accounts receivable consists of: | | |
| General Fund | | |
| Trade | \$ 364,760 | |
| Special Assessments | 278,692 | |
| | <u>\$ 643,452</u> | |
| Water and Sewer Fund | | |
| Trade | \$ 523,640 | |
| Miscellaneous Billings | 15,257 | |
| Interest | 33,908 | |
| Dunn Development Corporation | 142,771 | |
| Special Assessments | 3,530 | |
| Allowance for Doutbtful Accounts | (25,525) | |
| | \$ 693,581 | |
| | · · · · · · · · · · · · · · · · · · · | |
| Stormwater Fund | | |
| Trade | \$ 7,224 | |

4. Capital Assets

Primary Government

| | Beginning Balances | Increases | Decreases | Ending Balances |

B. Liabilities

1. Pension Plan Obligations

a. Local Governmental Employees' Retirement System

Plan Description. The City of Dunn and the ABC Board are participating employers in the statewide Local Governmental Employees' Retirement System (LGERS), a cost-sharing multiple-employer defined benefit pension plan administered by the State of North Carolina. LGERS membership is comprised of general employees and local law enforcement officers (LEOs) of participating local governmental entities. Article 3 of G.S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the State Senate, one appointed by the State House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Local Governmental Employees' Retirement System is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

Benefits Provided. LGERS provides retirement and survivor benefits. Retirement benefits are determined as 1.85% of the member's average final compensation times the member's years of creditable service. A member's average final compensation is calculated as the average of a member's four highest consecutive years of compensation. Plan members are eligible to retire with full retirement benefits at age 65 with five years of creditable service, at age 60 with 25 years of creditable service, or at any age with 30 years of creditable service. Plan members are eligible to retire with partial retirement benefits at age 50 with 20 years of creditable service or at age 60 with five years of creditable service (age 55 for firefighters). Survivor benefits are available to eligible beneficiaries of members who die while in active service or within 180 days of their last day of service and who have either completed 20 years of creditable service regardless of age (15 years of creditable service for firefighters and rescue squad members who are killed in the line of duty) or have completed five years of service and have reached age 60. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions. The plan does not provide for automatic post-retirement benefit increases. Increases are contingent upon actuarial gains of the plan.

LGERS plan members who are LEOs are eligible to retire with full retirement benefits at age 55 with five years of creditable service as an officer, or at any age with 30 years of creditable service. LEO plan members are eligible to retire with partial retirement benefits at age 50 with 15 years of creditable service as an officer. Survivor benefits are available to eligible beneficiaries of LEO members who die while in active service or within 180 days of their last day of service and who also have either completed 20 years of creditable service regardless of age, or have completed 15 years of service as a LEO and have reached age 50, or have completed five years of creditable service as a LEO and have reached age 55, or have completed 15 years of creditable service as a LEO and have reached age 55, or have completed 15 years of creditable service as a LEO and have reached age 55, or have completed 15 years of creditable service as a LEO and have reached age 55, or have completed 15 years of creditable service as a LEO and have reached age 55, or have completed 15 years of creditable service as a LEO and have reached age 55, or have completed 15 years of creditable service as a LEO and have reached age 55, or have completed 15 years of creditable service as a LEO and have reached age 55, or have completed 15 years of creditable service as a LEO and have reached age 55, or have completed 15 years of creditable service as a LEO and have reached age 55, or have completed 15 years of creditable service as a LEO and have reached age 50, or have completed 15 years of creditable service as a LEO and have reached age 50, or have completed 15 years of creditable service as a LEO and have reached age 50, or have completed 15 years of creditable service as a LEO and have reached age 50, or have completed 15 years of creditable service as a LEO and have reached age 50, or have completed 15 years of creditable service as a LEO and have reached age 50, or have completed 15 years of creditable service as a LEO and have reache

Contributions. Contribution provisions are established by General Statute 128-30 and may be amended only by the North Carolina General Assembly. City of Dunn employees are required to contribute 6% of their compensation. Employer contributions are actuarially determined and set annually by the LGERS Board of Trustees. The City of Dunn's contractually required contribution rate for the year ended June 30, 2016, was 7.15% of compensation for law enforcement officers and 6.77% for general employees actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year. Contributions to the pension plan from the City of Dunn were \$323,409 for the year ended June 30, 2016.

Refunds of *Contributions* – City employees who have terminated service as a contributing member of LGERS, may file an application for a refund of their contributions. By State law, refunds to members with at least five years of service include 4% interest. State law requires a 60 day waiting period after service termination before the refund may be paid. The acceptance of a refund payment cancels the individual's right to employer contributions or any other benefit provided by LGERS.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2016, the City reported a liability of \$378,602 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2015. The total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of December 31, 2014. The total pension liability was then rolled forward to the measurement date of June 30, 2015 utilizing update procedures incorporating the actuarial assumptions. The City's proportion of the net pension liability was based on a projection of the City's long-term share of future payroll covered by the pension plan, relative to the projected future payroll covered by the pension plan of all participating LGERS employers, actuarially determined. At June 30, 2015, the City's proportion was 0.084%, which was a decrease of 0.007% from its proportion measured as of June 30, 2014.

For the year ended June 30, 2016, the City recognized pension expense of \$165,231. At June 30, 2016, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | Deferred Outflows of Resources | | Deferred Inflows of Resources | |
|--|-----------------------------------|---------|----------------------------------|---------|
| Differences between expected and actual experience | \$ | - | \$ | 88,993 |
| Changes of assumptions | | - | | - |
| Net difference between projected and actual earnings on pension plan investments | | - | | 107,787 |
| Changes in proportion and differences between City contributions and proportionate share of contributions | | 8,400 | ÷ | 39,857 |
| City contributions subsequent to the measurement date | | 323,409 | | - |
| Total | \$ | 331,809 | \$ | 236,637 |

\$323,409 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as an increase of the net pension asset in the year

ended June 30, 2017. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year ended June 30: | |
|---------------------|-----------------|
| 2017 | \$ (133,215) |
| 2018 | (133,215) |
| 2019 | (133,107) |
| 2020 | 171,300 |
| | \$ (228,237) |

Actuarial Assumptions. The total pension liability in the December 31, 2014 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Inflation | 3.0 percent |
|---------------------------|---|
| Salary increases | 4.25 to 8.55 percent, including inflation and |
| | productivity factor |
| Investment rate of return | 7.25 percent, net of pension plan investment |
| | expense, including inflation |

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2014 valuation were based on the results of an actuarial experience study for the period January 1, 2005 through December 31, 2009.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2015 are summarized in the following table:

| | | Long-Term Expected |
|----------------------|-------------------|---------------------|
| Asset Class | Target Allocation | Real Rate of Return |
| Fixed Income | 29.0% | 2.2% |
| Global Equity | 42.0% | 5.8% |
| Real Estate | 8.0% | 5.2% |
| Altematives | 8.0% | 9,8% |
| Credit | 7.0% | 6.8% |
| Inflation Protection | 6.0% | 3.4% |
| Total | 100% | |

The information above is based on 30 year expectations developed with the consulting actuary for the 2014 asset, liability, and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures.

The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.00%. All rates of return and inflation are annualized.

Discount rate. The discount rate used to measure the total pension liability was 7.25%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the City's proportionate share of the net pension asset to changes in the discount rate. The following presents the City's proportionate share of the net pension asset calculated using the discount rate of 7.25 percent, as well as what the City's proportionate share of the net pension asset or net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.25 percent) or one percentage point higher (8.25 percent) than the current rate:

| | 1% | Discount | | | |
|--|---------------------|-----------------|------------------------|--|--|
| | Decrease (6.25%) | Rate (7.25%) | 1% Increase (8.25%) | | |
| City's proportionate share of the net pension liability (asset) | \$ 2,640,052 | \$ 378,602 | \$ (1,526,617) | | |

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued Comprehensive Annual Financial Report (CAFR) for the State of North Carolina.

b. Law Enforcement Officers Special Separation Allowance

1. Plan Description.

The City of Dunn administers a public employee retirement system (the Separation Allowance), a singleemployer defined benefit pension plan that provides retirement benefits to the City's qualified sworn law enforcement officers. The Separation Allowance is equal to .85 percent of the annual equivalent of the base rate of compensation most recently applicable to the officer for each year of creditable service. The retirement benefits are not subject to any increases in salary or retirement allowances that may be authorized by the General Assembly. Article 12D of G.S. Chapter 143 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly.

All full time law enforcement officers of the City are covered by the Separation Allowance. At December 31, 2015, the Separation Allowance's membership consisted of:

| Retirees receiving benefits | 3 |
|---|----|
| Terminated plan members entitled to but not yet receiving | |
| benefits | - |
| Active plan members | 40 |
| Total | 43 |

A separate report was not issued for the plan.

2. Summary of Significant Accounting Policies:

Basis of Accounting. The City has chosen to fund the Separation Allowance on a pay as you go basis. Pension expenditures are made from the General Fund, which is maintained on the modified accrual basis of accounting. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

The Separation Allowance has no assets accumulated in a trust that meets the following criteria which are outlined in GASB Statements 67 and 68:

- · contributions to the pension plan and earnings on those contributions are irrevocable
- pension plan assets are dedicated to providing benefits to plan members
- pension plan assets are legally protected from the creditors or employers, nonemployer contributing entities, the plan administrator, and plan members.

Method Used to Value Investments. No funds are set aside to pay benefits and administration costs. These expenditures are paid as they come due.

3. Contributions.

The City is required by Article 12D of G.S. Chapter 143 to provide these retirement benefits and has chosen to fund the benefit payments on a pay as you go basis through appropriations made in the General Fund operating budget. The City's obligation to contribute to this plan is established and may be amended by the North Carolina General Assembly. There were no contributions made by employees.

The annual required contribution for the current year was determined as part of the December 31, 2015 actuarial valuation using the projected unit credit actuarial cost method. The actuarial assumptions included (a) 5.00% investment rate of return (net of administrative expenses) and (b) projected salary increases of 4.25% to 7.85% per year. Both (a) and (b) included an inflation component of 3.00%. The assumptions did not include postretirement benefit increases. The actuarial value of assets was market value. The unfunded actuarial accrued liability is being amortized as a level dollar on a closed basis. The remaining amortization period at December 31, 2014 was 16 years.

Annual Pension Cost and Net Pension Obligation. The City's annual pension cost and net pension obligation to the Separation Allowance for the current year were as follows:

| Annual required contribution | \$ 89,822 |
|---|---------------|
| Interest on net pension obligation | 8,027 |
| Adjustment to annual required contribution | (14,107) |
| Annual pension cost | 83,742 |
| Contributions made | 34,760 |
| Increase (decrease) in net pension obligation | 48,982 |
| Net pension obligation beginning of year | 160,535 |
| Net pension obligation end of year | \$ 209,517 |
| | . = |

| 3 YearTrend Information | | | | | | |
|-------------------------|----|--------------------------|----------------------------------|----|-------------------------|--|
| Fiscal Year Ended | | ual Pension ost (APC) | Percentage of APC Contributed | | t Pension Obligation | |
| 6/30/2014 | \$ | 69,331 | 90.93% | \$ | 113,971 | |
| 6/30/2015 | | 81,324 | 42.74% | | 160,535 | |
| 6/30/2016 | | 83,742 | 41.51% | | 209,517 | |

4. Funded Status.

As of December 31, 2015, the most recent actuarial valuation date, the plan was not funded. The actuarial accrued liability for benefits and the unfunded actuarial accrued liability (UAAL) was \$1,018,865. The covered payroll (annual payroll of active employees covered by the plan) was \$1,789,543 and the ratio of the UAAL to the covered payroll was 56.93%.

The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets are increasing or decreasing over time relative to the actuarial accrued liability for benefit.

c. Supplemental Retirement Income Plan for Law Enforcement Officers

Plan Description. The City contributes to the Supplemental Retirement Income Plan (Plan), a defined contribution pension plan administered by the Department of State Treasurer and a Board of Trustees. The Plan provides retirement benefits to law enforcement officers employed by the City. Article 5 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Supplemental Retirement Income Plan for Law Enforcement Officers is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes the pension trust fund financial statements for the Internal Revenue Code Section 401(k) plan that includes the Supplemental Retirement Income Plan for Law Enforcement Officers. The report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

The City has also elected to have employees not engaged in law enforcement to participate in the Supplemental Retirement Income Plan. In addition, the City of Dunn Board of Alcoholic Control provides retirement benefits to full time employees.

Funding Policy. Article 12E of G.S. Chapter 143 requires the City to contribute each month an amount equal to five percent of each officer's salary, and all amounts contributed are vested immediately. Also, the law enforcement officers may make voluntary contributions to the plan. Contributions for the year ended June 30, 2016 were \$105,791, which consisted of \$80,668 from the City and \$25,123 from the law enforcement officers. The City has also elected to contribute each month an amount equal to two percent of each eligible employee's salary for each non-law enforcement employee. Contributions for the year ended June 30, 2016 were \$94,574, which consisted of \$61,426 from the City and \$33,148 from the non-law enforcement employees. The ABC Board also contributes each month an amount equal to two percent of each participant's salary, and all amounts are vested immediately. Contributions for the years ended June 30, 2016 and 2015 were \$16,918 and \$14,744, respectively, which consisted of \$2,515 and \$2,341 from the City of Dunn Board of Alcoholic Control and \$14,403, and \$12,403 from the participants.

d. Other Postemployment Benefits

Healthcare Benefits

Plan Description. According to a City resolution, the City provides post-employment health care benefits to retirees of the City, provided they participate in the North Carolina Local Governmental Employees' Retirement System (System) and have at least twenty-five years of creditable service with the City. The City pays the full cost of coverage for these benefits. Retirees with at least fifteen years of service may remain on the City's plan and are eligible for premium supplements established by the City Council. Also, the City's retirees can purchase coverage for their dependents at the City's group rates. The City obtains health care coverage through private insurers. The City Council may amend the benefit provisions. A separate report was not issued for the plan.

| Years of Service with the City | Percentage Paid by the City | Percentage Paid by the Retiree |
|--------------------------------|--------------------------------|-----------------------------------|
| Less than 15 | Not eligible | Not eligible |
| 15 - 20 | 25% | 75% |
| 20 - 25 | 50% | 50% |
| 25 or more | 100% | 0% |

Future Medicare eligible retirees will continue coverage through the City's BCBS Plan F, and current Medicare eligible retirees are under different Medicare supplement plans.

Membership of the Plan consisted of the following at December 31, 2015, the date of the latest actuarial valuation:

| Retirees and dependents receiving benefits | General Employees: 22 | Law Enforcement Officers: 10 |
|---|-----------------------------|---------------------------------------|
| Terminated plan members entitled to but not yet receiving | | |
| benefits | - | - |
| Active plan members | 72 | 37 |
| Total | 94 | 47 |

Funding Policy. The City pays the full cost of coverage for the healthcare benefits paid to qualified retirees under a City resolution that can be amended by City Council. The City's members pay for dependent coverage. The City has chosen to fund the healthcare benefits on a pay as you go basis.

The current Annual Required Contribution (ARC) rate is 14.45% of annual covered payroll. The City obtains healthcare coverage through private insurers. The City's contributions totaled \$140,718 in fiscal year 2016. There were no contributions made by employees. The City's obligation to contribute to Plan is established and may be amended by the City Council.

Summary of Significant Accounting Policies. Postemployment expenditures are made from the General Fund, which is maintained on the modified accrual basis of accounting and the Water and Sewer Fund, which is maintained on the accrual basis of accounting. No funds are set aside to pay benefits and administration costs. These expenditures are paid as they come due.

Annual OPEB Cost and Net OPEB Obligation. The City's annual OPEB cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the City's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the City's net OPEB obligation for the healthcare benefits:

| Annual required contribution | \$ 648,584 |
|--|--|
| Interest on net OPEB obligation | 85,938 |
| Adjustment to annual required contribution | (82,097) |
| Annual OPEB cost (expense) | 652,425 |
| Contributions made | (140,718) |
| Increase (decrease) in net OPEB obligation | 511,707 |
| Net OPEB obligation, beginning of year | 2,148,441 |
| Net OPEB obligation, end of year | \$ 2,660,148 |
| Adjustment to annual required contribution Annual OPEB cost (expense) Contributions made Increase (decrease) in net OPEB obligation Net OPEB obligation, beginning of year | (82,097) 652,425 (140,718) 511,707 2,148,441 |

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation as of June 30, 2016 were as follows:

| For Year Ended | Anr | ual OPEB | Percentage of Annual | ٢ | Vet OPEB | |
|----------------|-----|----------|-----------------------|----|------------|----------|
| June 30 | | Cost | OPEB Cost Contributed | (| Obligation | |
| 2014 | \$ | 486,878 | 21.5% | \$ | 1,738,683 | <u> </u> |
| 2015 | | 524,241 | 21.8% | | 2,148,441 | |
| 2016 | | 652,425 | 21.6% | | 2,660,148 | |

Funded Status and Funding Progress. As of December 31, 2015, the most recent actuarial valuation date, the plan was not funded. The actuarial accrued liability for benefits and, thus, the unfunded actuarial accrued liability (UAAL) was \$7,622,436. The covered payroll (annual payroll of active employees covered by the plan) was \$4,273,902 and the ratio of the UAAL to the covered payroll was 178.3% percent. Actuarial valuations of

an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and healthcare trends. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions. Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members at that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value assets, consistent with the long-term perspective of the calculations.

In the December 31, 2015 actuarial valuation, the projected unit credit actuarial cost method was used. The actuarial assumptions included a 4.00 percent investment rate of return (net of administrative expenses), which is the expected long-term investment returns on the employer's own investments calculated based on the funded level of the plan at the valuation date, and an annual medical cost trend increase of 7.75 to 5.00 percent annually. The investment rate included a 3.00 percent inflation assumption. The actuarial value of assets, if any, was determined using techniques that spread the effects of short-term volatility in the market value of investments over a 7 year period. The UAAL is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period at December 31, 2015, was 30 years.

2. Other Employment Benefits

The City has also elected to provide death benefits to employees through the Death Benefit Plan for members of the Local Governmental Employees' Retirement System (Death Benefit Plan), a multiple-employer, Stateadministered, cost-sharing plan funded on a one-year term cost basis. The beneficiaries of those employees who die in active service after one year of contributing membership in the System, or who die within 180 days after retirement or termination of service and have at least one year of contributing membership service in the System at the time of death are eligible for death benefits. Lump sum death benefit payments to beneficiaries are equal to the employee's 12 highest month's salary in a row during the 24 months prior to the employee's death, but the benefit may not exceed \$50,000 or be less than \$25,000. All death benefit payments are made from the Death Benefit Plan. The City has no liability beyond the payment of monthly contributions. The contributions to the Death Benefit Plan cannot be separated between the post-employment benefit amount and the other benefit amount. The City considers these contributions to be immaterial.

2. Accounts Payable

Accounts payable is composed of the following elements:

| General Fund | |
|------------------------------|------------|
| Trade | \$ 90,166 |
| Accrued payroll | 182,357 |
| | \$ 272,523 |
| Non-major governmental funds | |
| Trade | \$ 29,258 |
| | |
| Water and Sewer Fund | |
| Trade | \$ 53,978 |
| Accrued payroll | 61,336 |
| | \$ 115,314 |
| Non-major enterprise fund | |
| Trade | \$ 14,400 |
| | |

3. Deferred Outflows/Inflows of Resources

Deferred outflows of resources at year-end is comprised of the following:

| Contributions to pension plan in current fiscal year | \$ 323,409 |
|--|---------------|
| Pension Deferrals | 8,400 |
| | \$ 331,809 |

Deferred inflows of resources at year-end is comprised of the following:

| Prepaid taxes not yet earned (General Fund) | \$ | 314 |
|---|--------|--------|
| Property taxes receivable | 1 | 00,969 |
| Note receivable | 3,1 | 00,000 |
| Pension deferrals | 2 | 36,637 |
| | \$ 3,4 | 37,920 |

4. Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets: errors and omissions: injuries to employees; and natural disasters. The City carries commercial coverage for all other risks of loss. There have been no significant reductions in insurance coverage in the prior year, and settled claims have not exceeded coverage in any of the past three fiscal years.

The City's insurer has advised the City that it is in an area that carries low risk of damages due to floods and the City has elected not to purchase flood insurance based on the insurer's assessment.

In accordance with G.S. 159-29, the City's employees that have access to \$100 or more at any given time of the City's funds are performance bonded through a commercial surety bond. The Finance Director is bonded for \$500,000. The remaining employees that have access to funds are bonded under a blanket bond for \$250,000.

City of Dunn ABC Board is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The ABC Board has commercial property, general liability, workmen's compensation, and employee health coverage. The ABC Board also has liquor legal liability coverage. There have been no significant reductions in insurance coverage from coverage in the prior year and settled claims have not exceeded coverage in any of the past three fiscal years. In accordance

with G.S. 18B-700(i), each board member and the employees designated as the general manager and finance officer are bonded in the amount of \$50,000 secured by a corporate surety.

5. Claims and Judgments

At June 30, 2016, the City was a defendant to various lawsuits. In the opinion of the City's management and the City attomey, the ultimate outcome of these legal matters will not have a material adverse effect on the City's financial position.

6. Long-Term Obligations

a. Capital Leases

The City has entered into an agreements to lease certain equipment. The lease agreements qualify as capital leases for accounting purposes and, therefore, have been recorded at the present value of the future minimum lease payments as of the date of its inception.

One agreement was executed on October 15, 2013 to lease water sewer truck camera equipment and requires 5 annual payments of \$16,546. This lease is recorded in the water and sewer fund and the balance of the lease at June 30, 2016 is \$45,926. A second agreement was executed on August 15, 2014 to lease gym equipment. This lease is split between the general fund (65%) and water and sewer fund (35%). The balance of the lease at June 30, 2016 is \$14,412. Title passes to the City at the end of the lease term.

The following is an analysis of the asset recorded under the capital lease at June 30, 2016:

| | | ACC | cumulated | | |
|---------------------|------------|-----|------------|-----|--------------|
| Classes of Property | Cost | De | preciation | Net | t Book Value |
| Equipment | \$ 114,034 | \$ | 26,861 | \$ | 87,173 |
| Total | \$ 114,034 | \$ | 26,861 | \$ | 87,173 |

The future minimum lease obligations and the net present value of these minimum lease payments as of June 30, 2016 were as follows:

| | | Gove | mmental | Bus | iness-Type |
|---|--------------|------|----------|-----|------------|
| Year Ending June 30 | Total | Ac | tivities | Α | ctivities |
| 2017 | \$ 30,164 | \$ | 8,852 | \$ | 21,312 |
| 2018 | 18,043 | | 973 | | 17,070 |
| 2019 | 16,546 | | - | | 16,546 |
| Total minimum lease payments | 64,753 | | 9,825 | | 54,928 |
| Less: amount representing interest | (4,415) | | (457) | | (3,958) |
| Present value of the minimum lease payments | \$ 60,338 | \$ | 9,368 | \$ | 50,970 |

b. Installment Purchases

General Fund

In July 2004, the City entered into an installment purchase contract with Branch Banking & Trust for \$950,000 to finance the recreation facility at Tart Park. The contract requires principal payments beginning in the fiscal year 2006 with interest at 4.17%. The balance of this note is \$253,333 at June 30, 2016.

In August 2009, the City entered into an installment purchase contract with First Citizens Bank for \$1,000,000 to finance street resurfacing. The contract requires principal payments beginning in the fiscal year 2011 with interest at 3.93%. The balance of this note is \$400,000 at June 30, 2016.

In August 2010, the City entered into an installment purchase contract with Branch Banking & Trust for \$190,000 to finance seven police cars and a tractor. The contract requires principal payments beginning in the fiscal year 2012 with interest at 2.44%. The balance of this note is \$0 at June 30, 2016.

In September 2011, the City entered into an installment purchase contract with Branch Banking & Trust to finance five police cars for \$125,000. The contract requires principal payments beginning in the fiscal year 2013 with interest at 1.73%. The balance of this note is \$0 at June 30, 2016.

In July 2012, the City entered into an installment purchase contract with First Citizens Bank to finance five police cars for \$125,000. The contract requires principal payments beginning in the fiscal year 2014 with interest at 1.86%. The balance of this note is \$0 at June 30, 2016.

In November 2012, the City entered into an installment purchase contract with First Citizens Bank for \$975,000 to construct improvements to Tyler Park. The contract requires principal payments beginning in the fiscal year 2014 with interest at 2.45%. The balance of this note is \$682,500 at June 30, 2016.

In August 2013, the City entered into a financing agreement with the USDA for \$2,989,000 to finance improvements to Downtown infrastructure. The contract requires principal payments beginning in the fiscal year 2015 with interest at 3.5%. The balance of this note is \$2,828,556 at June 30, 2016.

In November 2013, the City entered into an installment purchase contract with the USDA for \$132,000 to finance six police vehicles. The contract requires principal payments beginning in the fiscal year 2015 with interest at 3.125%. The balance of this note is \$90,678 at June 30, 2016.

In July 2014, the City entered into an installment purchase contract with First Citizens Bank for \$700,000 to construct phase 2 improvements to Tyler Park. The contract requires principal payments beginning in the fiscal year 2016 with interest at 2.67%. The balance of this note is \$630,000 at June 30, 2016.

In August 2014, the City entered into an installment purchase contract with the USDA for \$137,000 to finance six police vehicles. The contract requires principal payments beginning in the fiscal year 2016 with interest at 3.751%. The balance of this note is \$119,523 at June 30, 2016.

In August 2014, the City entered into an installment purchase contract with Select Bank & Trust for \$2,200,000 to renovate the Hamett Training School (\$2,000,000) and City Hall (\$200,000). The contract requires interest only payments for 12 months and principal payments beginning in the fiscal year 2017 with interest at 2.85% for the initial term. After the initial term the fixed rate cap will be 9.75% or 85% of the Wall Street Journal prime rate, the lesser of the two. This loan matures in August 2025. The balance of this note is \$2,200,000 at June 30, 2016.

In March 2016, the City entered into an installment purchase contract with the USDA for \$120,000 to finance five police vehicles. The contract requires principal payments beginning in the fiscal year 2017 with interest at 3.125%. The balance of this note is \$120,000 at June 30, 2016.

c. General Obligation Indebtedness

The City's general obligation bonds serviced by the governmental funds were issued in February 2004 in the amount of \$2,795,000 to finance the construction of facilities utilized in the operations of the water and sewer system and which are being retired by its resources are reported as long-term debt in the Water and Sewer Fund. All general obligation bonds are collateralized by the full faith, credit, and taxing power of the City. Principal and interest requirements are appropriated when due.

Bonds payable at June 30, 2016 are comprised of the following individual issues:

General Obligation Bonds

Serviced by the Water and Sewer Fund: Water and Sewer Refunding bonds due on June 1 and December 1 due in installments of varying amounts through June 1, 2025; initial interest at 2.375% increasing to 4.35% at maturity.

\$1,275,000

Annual debt service requirements to maturity for general obligation bonds, including interest of \$186,588 on the Water Treatment Plant Expansion bonds, are as follows:

| Year | | Total | Principal | Interest |
|-----------|------|-----------|-----------------|---------------|
| 2017 | \$ | 186,588 | \$ 135,000 | \$ 51,588 |
| 2018 | | 186,728 | 140,000 | 46,728 |
| 2019 | | 186,478 | 145,000 | 41,478 |
| 2020 | | 180,895 | 145,000 | 35,895 |
| 2021 | | 175,095 | 145,000 | 30,095 |
| 2022-2025 | | 625,409 | 565,000 | 60,409 |
| | \$ ' | 1,541,193 | \$ 1,275,000 | \$ 266,193 |

At June 30, 2016, the City of Dunn had a legal debt margin of \$ 50,848,873.

d. Revolving Water and Sewer Loans.

In August 2010 the City entered into a promissory note from the Water Pollution Control Revolving Loan Fund of in the amount of \$4,385,114. This note was used to finance replacing gravity sewer lines, upgrading lift stations and construction of equalization basin at the wastewater treatment facility. The promissory note

requires principal payments beginning May 2012 with interest at 2.50%. The balance of this note is \$3,288,835 at June 30, 2016.

Annual debt service requirements to maturity for the revolving water and sewer loan, including interest of \$301,477 is as follows:

| Year | | Total | <u>Principal</u> | Interest |
|-----------|----|--------------|------------------|----------|
| 2017 | \$ | 301,477 \$ | 219,256 \$ | 82,221 |
| 2018 | | 295,995 | 219,256 | 76,739 |
| 2019 | | 290,514 | 219,256 | 71,258 |
| 2020 | | 285,033 | 219,256 | 65,777 |
| 2021 | | 279,551 | 219,256 | 60,295 |
| 2022-2026 | | 1,315,534 | 1,096,278 | 219,256 |
| 2027-2031 | _ | 1,178,498 | 1,096,277 | 82,221 |
| | \$ | 3,946,602 \$ | 3,288,835 \$ | 657,767 |

f. Changes in Long-Term Liabilities

| | Balance | | | Balance | Current |

| Other postemployment benefits | 533,716 | 153,426 | | 687,142 | - |
| Total Business-type Activities | \$ 7,610,450 | \$ 290,866 | \$ 802,884 | \$ 7,098,432 | \$ 676,557 |

Compensated absences, unfunded pension contributions, other postemployment benefits for governmental activities have typically been liquidated in the General Fund.

7. Fund Balance

The following schedule provides management and citizens with information on the portion of General Fund balance that is available for appropriation:

| Total Fund Balance - General Fund | \$ 3,671,268 |
|-----------------------------------|-----------------|
| Less: | |
| Inventories | 32,142 |
| Stabilization by State Statute | 1,109,211 |
| Transportation-Powell Bill | 220,043 |
| Public Safety-Drug Forefiture | 171,268 |
| USDA Loan Reserves | 67,008 |
| Remaining Fund Balance | \$ 2,071,596 |

The City of Dunn has a revenue spending policy that provides guidance for programs with multiple revenue sources. The Finance Director will use resources in the following hierarchy: bond proceeds, federal funds, State funds, local non-city funds, city funds. For purposes of fund balance classification expenditures are to be spent from restricted fund balance first, followed in-order by committed fund balance, assigned fund balance. The Finance Director has the authority to deviate from this policy if it is in the best interest of the City.

8. Interfund Activity

The following transfers were made during the fiscal year ending June 30, 2016:

- General Fund transferred \$112,159 to the Downtown Revitalization Capital Project Fund
- General Fund transferred \$65,698 to the Tyler Park Renovations Capital Project Fund
- General Fund Transferred \$600,000 to the Harnett Training School Capital Project Fund

Transfers are used to move unrestricted revenues to finance various programs that the government must account for in other funds in accordance with budgetary authorizations, including amounts providing matching funds for various grant programs.

IV. Commitments

The City has leased various pieces of office equipment through various agreements and estimated commitments for the years ended June 30, 2016 and 2017 are \$15,000 and \$10,000, respectively.

The City has leased building space to Johnson-Lee-Harnett Community Action, Inc. The lease calls for monthly lease payments in the amount of \$1,463. The lease is for a ten year period ending March 2020. The amount collected for fiscal year ended June 30, 2016 is \$17,556. Future payments for the remaining lease term are \$65,835. The leased assets have no net value as the property was donated to the City.

The City has entered into agreements with Rooms to Go and Fairfield Inn & Suites stating that beginning with the first tax year in which both the facility is operational and the facility's improvements are assessed as fully completed and occupied, an incentive is to be paid to each entity in the form of an 80% refund of City ad valorem taxes. The refund is to be paid over a possible 10 year period and depends on each entity continuing to own and operate the facility during that time.

V. Related Organization

The six-member board of the City of Dunn Housing Authority is appointed by the City Council of the City of Dunn. The City is accountable for the Housing Authority because it appoints the governing board; however, the City is not financially accountable for the Housing Authority. The City of Dunn is also disclosed as a related organization in the notes to the financial statements for the City of Dunn Housing Authority.

VI. Summary Disclosure of Significant Contingencies

Federal and State Assisted Programs

The City has received proceeds from several federal and State grants. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant moneys to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant moneys.

VII. Subsequent Events

The City has evaluated events from the date of the balance sheet through the date the report is available to be issued which is the date of the independent auditors' report. The City has not evaluated subsequent events after that date. There were no subsequent events during this period that required disclosure.

VIII. Related Party Transactions

During the fiscal year ended June 30, 2016 the City reimbursed three City Council members for sign permits totaling \$225. The City also reimbursed two City Council members for mileage totaling \$296.

IX. Special Items

During the fiscal year ended June 30, 2016, management elected to dispose of various pieces of equipment taken out of service. Proceeds from disposals were \$25,404.

Independent Auditors' Report On Internal Control Over Financial Reporting And On Compliance and Other Matters Based On An Audit Of Financial Statements Performed In Accordance With Government Auditing Standards

To the Honorable Mayor and Members of the City Council City of Dunn Dunn, North Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Dunn, North Carolina, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the City of Dunn's basic financial statements, and have issued our report thereon dated October 26, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Dunn's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Dunn's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Dunn's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditors' Report on Compliance for Each Major State Program and on Internal Control over Compliance in Accordance with OMB Uniform Guidance and the State Single Audit Implementation Act

To the Honorable Mayor and City Council City of Dunn Dunn, North Carolina

Report on Compliance for Each Major State Program

We have audited the City of Dunn's compliance with the types of compliance requirements described in the Audit Manual for Governmental Auditors in North Carolina, issued by the Local Government Commission, that could have a direct and material effect on the City of Dunn's major State program for the year ended June 30, 2016. The City of Dunn's major State program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its State programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for the City of Dunn's major State program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in and applicable sections of Title 2 US Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), as described in the Audit Manual for Governmental Auditors in North Carolina, and the State Single Audit Implementation Act. Those standards, Uniform Guidance, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major State program occurred. An audit includes examining, on a test basis, evidence about the City of Dunn's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major State program. However, our audit does not provide a legal determination of the City of Dunn's compliance.

Opinion on Each Major State Program

In our opinion, the City of Dunn complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major State program for the year ended June 30, 2016.

Report on Internal Control Over Compliance

Management of the City of Dunn is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City of Dunn's internal control over compliance with the types of requirements that could have a direct and material effect on a major State program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on

compliance for each major State program and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a State program on a timely basis. A material weakness in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a State program will not be prevented, or detected and corrected, on a timely basis. A significant deficiencies, in internal control over compliance is a deficiency, or combination of a State program will not be prevented, or detected and corrected, on a timely basis. A significant deficiencies, in internal control over compliance is a deficiency, or combination of a State program that is less severe than a material weakness in internal control over compliance with a type of compliance requirement of a State program that is less severe than a material weakness in internal control over compliance with a type of compliance requirement of a State program that is less severe than a material weakness in internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
